

Fork Mounted Drum Lifter

The Fork Mounted Drum Lifter provides a simple yet effective method of moving steel drums in a safe and controlled manner which is aimed at the small to medium volume drum user.

Standard Features:

- Fully automatic without the driver leaving the safety of his seat
- Minimum moving parts for low maintenance
- Zinc plated twist screws for safe attachment to truck
- Painted bright orange for safety

Model	Capacity (kg)	No of drums	Max fork (mm)	Fork Centres (mm)
IDL-1	500	1	125 x 50	408
