

# Snow Plough

Although potentially a seasonal attachment the fork mounted Snow Plough is invaluable when the clearing of freshly fallen or compacted snow is required to ease vehicle or pedestrian access i.e. car parks, access roads and service yards. Often used by our customers as yard scrapers out of the wintry months.

## Standard Features:

- Fixed left hand sweep angle - 15 degrees
- Bolt on steel wearstrip
- Stand skids to ensure level scraping
- Zinc plated twist screws for safe attachment to truck
- Galvanised finish

## Optional Features:

- Bolt on rubber wearstrip

Model	Blade Width (lte)	Max Fork (mm)	Forks Centres (mm)
