High Lift Access Platform

When additional lift height is required the Highlift Platform is the perfect solution. Fork Pockets are positioned at floor level with the platform height been a further 1000mm higher. Access is made via a fixed ladder and automatic gate assembly.

Standard Features: Optional Features:

- Automatic locking and unlocking gate
 - Fixed ladder to side complete with hand rails
 - Safety harness attachment rings
 - Self draining non-slip floor
 - Zinc plated heel pins and locking chain for safe attachment to truck
 - Painted bright orange for safety
- Safety harness

Model	Personal access	No of persons	Platform base size L x W x H (mm)	Capacity (kg)	Max fork (mm)	Fork centres (mm)
IAP-3HL	Side Gate	2	950 x 950 x 2920	250	150 x 50	525
